

DOMINICK SAVILLO

DESIGNER / ENTREPRENEUR / INVESTOR

PROFILE

I enjoy discussing online business development, website creation and graphic design. I'm also very active in alternative investing with crypto currencies and many other digitized assets.

For my health I like to hike regularly, I enjoy getting outside to see wildlife and beautiful scenery. To relax I enjoy chilling on the beach or going to a nice restaurant for a meal.

There's a lot more about me than listed here, I don't mind sharing if you would like to know more and share something about yourself.
